

# VHR COWGIRL CHALLENGE

## Teams

### Division of event options:

- All members must participate in both equine and non-equine events.
- In a group of four, each team member is assigned one equine event and one non-equine event. For the “Double Barrel Racing” one member will have to compete in two equine events.
- In a group of two, each team member will compete in 2 non-equine events. In the equine events, one team member will compete in two events plus the Double Barrel Racing, while the other team member competes in one event plus the Double Barrel Racing.
- In groups of three, each team member will compete in one non-equine event, with one team member “doubling up”. In the equine events, each member will do one solo event, then two members will “double up” for the Double Barrel Racing. Each member is only allowed to double up once, either in an equine or a non-equine event.
- Each team will identify their divisions upon arrival at Von Holten Ranch.
