

# ONE FLY COWGIRL CHALLENGE

## EVENT DESCRIPTION

### **Four Leaf Clover**

Let's see those animals run! There will be time penalties for knocking over barrels. Any teams that break pattern will be scored below teams that do not break the pattern, regardless of their time. Turn and burn, baby! A video will be posted explaining the pattern on the event Facebook page.

### **Obstacles**

This event will consist of 10 obstacles and will be subjectively judged by a judge with certification and experience in judging obstacle competitions. This event is not timed. You will be judged on your equine being brave, the approach, the obstacle, the departure, and overall horsemanship. You will have 4 attempts per obstacle before a whistle for you to move to the next obstacle. It is highly recommended to attend an obstacle clinic hosted at Von Holten Ranch by either Brandy Von Holten or Lee Hart. Check our schedule for 2017 clinics.

### **Bridle Assembly**

This may sound easy, but I can assure you that you will need to practice! We will use a snaffle bit bridle with a brow band, curb strap, and split reins. Time penalties for each part not correctly put on; best time wins.

### **Multiple Choice Test**

This event will be a 50-75 multiple choice question test. The topics will cover Dutch ovens, bits, bridles, general horsemanship, and trailers.

# ONE FLY COWGIRL CHALLENGE

## EVENT DESCRIPTION

### **Roping**

This event will keep spectators on their toes and rooting for everyone! Here's the deal, you have to keep trying until you catch! If it takes you one try or if it takes you twenty tries. Run down, rope, run back; sounds easy, right! You will be roping a moving Smarty ground driven team roping dummy. For this competition we are looking for a legal catch: around the neck, slick horn, or half head. Best time wins.

### **Trailer Backing**

Vroom, vroom! You will have a maximum time limit of 5 minutes to park our 25' goose neck flat bed trailer. You will all use our automatic transmission F250. Every person will back the same pattern and will start the same way. You will be judged on accuracy and not speed.

### **In One Pot**

The judges for this event will actually work in the food industry. You will be judged on appearance, taste, texture, and originality. You have the option to submit a story and/or recipe. Every team will be given the same styrofoam containers. Pictures of the exact containers will be posted later on the event page on Facebook. Some people decorate their box with markers or pens. Cooking over a camp fire is optional, and can be added in the story/recipe. Feel free to bring your grill or crock pot. Your entry must be cooked in one pot and is only one entry. This event will be Saturday night; bring the extras to a potluck for a taste sensation out of this world!!

### **Ranch Pleasure**

For this event the pattern will be released the day of the event. Practice riding on a loose rein, lead changes, and different gaits. This will be subjectively judged.
