

NEW MANAGER POSITION

For each team, an OPTIONAL position called the manager position is now available! This person can be a male or a female. If their team wins, the team has the option to purchase a Champion or Reserve Champion buckle for their manager. The manager is also able to qualify for the Challenger Buckle by being either a manager or competitor for the four challenges in 2017!

Possible duties for the team manager:

Sign up, tracking training, cheerleader, researcher for test topic study, run order draw, food turn in, competition number transporter, camp fire starter, team transportation, obstacle caller, etc.

*A team does not have to have a manager, but who wouldn't love some help, right.
